

WORK OUT CLOTHES YOU DEFINITELY WANT TO WEAR OUTSIDE THE GYM

If you're anything like us, you've probably ended up at the local coffee shop for some girl-time before you get back to your normal daily grind. How often did you have to stop and think whether what you had on after the gym workout, was suitable for that morning coffee get-together? (OK, at least three times a week).

But what if your workout clothes were so cute and you actually felt stylish wearing them out and about? Behold: our favorite active wear that can totally double as casual wear.

FLX are designed to take you from the Gym to that cuppa.

FLX's Phoebus Ice White & Licorice Capri Pants would look great for that casual outing.

A casual evening out with FLX's Andrastea range?

A stylish jacket over the Chryses Cleopatra or Zephyr Grape will make it an outfit that turns heads for all the right reasons.

These are just some examples of how the FLX Gymwear range can quite easily double up for that girl-time cuppa or a casual event. More importantly, the quality of FLX's fabrics allows you to confidently take the gym wear out of the gym. Check out our full range on www.flxgymwear.com
